Committee Meeting Date: January 27, 2026

For the Metropolitan Council: February 11, 2026

Business Item: 2026-26

Disposition of Property at Lift Station L65 in South Saint Paul

District(s), Member(s): District 12, Mark Jenkins
Policy/Legal Reference: FM 9-1 Real Estate Policy; Minn. Stat. §473.504
Staff Prepared/Presented: Dan Fick, Principal Engineer, Interceptor Engineering, (651)-602-1061
Division/Department: Environmental Services/Capital Programs

Proposed Action

That the Metropolitan Council authorize the Regional Administrator to reconvey property that was part of the original South Saint Paul Wastewater Treatment Plant site to the City of South Saint Paul, at no cost, in accordance with the original acquisition agreement.

Background

In 1969 the Metropolitan Sewer Board acquired the South St. Paul Wastewater Treatment Plant as part of the development of a regional wastewater disposal system. Section 2.03 of the transfer Agreement between the Metropolitan Sewer Board (Board) and the city of South Saint Paul (Municipality) stated that:

The Board agrees to reconvey to the Municipality the treatment works property or any part of it when the Board determines it is no longer needed for the metropolitan disposal system.

With the decommissioning of the South Saint Paul Wastewater Treatment Plant during the 1980s and completion of the Lift Station L-65 facility improvements in 2015, certain portions of the original property are no longer required for the regional wastewater disposal system.

Rationale

Reconveyance of this surplus property is a fulfillment of the Council's commitments under the original transfer agreement.

Thrive Lens Analysis

On February 12, 2025, the Council adopted Imagine 2050, which builds on policy direction in Thrive MSP 2040. Under the Thrive lens, this action advances the Thrive outcomes of stewardship by responsibly managing our existing investments and supporting orderly and economic growth by returning land back to local government where it will be made available for redevelopment in accordance with the City's approved Comprehensive Plan.

Funding

None required.

Small Business Inclusion

There are no direct impacts to small businesses with the proposed action.
