

Action Transmittal

Transportation Advisory Board

Committee meeting date: May 20, 2026

Date: May 8, 2026

Action Transmittal: 2026-29

Release of the Draft 2027-2030 Transportation Improvement Program (TIP) for a Public Comment Period

To: Transportation Advisory Board

Prepared by: Joe Barbeau, Planning Analyst, 651-602-1705

Requested action

Council staff request that the Transportation Advisory Board (TAB) release the draft 2027-2030 Transportation Improvement Program (TIP) for public comment.

Recommended motion

That the Transportation Advisory Board release the draft 2027-2030 Transportation Improvement Program for public comment.

Background and purpose

The Transportation Improvement Program (TIP) is a four-year list of federally funded transportation projects required for all metropolitan planning organizations (MPOs). The TIP must include all projects funded with federal transportation funds along with all regionally significant projects, regardless of funding source. Federal regulations require that a TIP be developed at least every four years. The Metropolitan Council revises its TIP every year in conjunction with the Minnesota Department of Transportation's State Transportation Improvement Program (STIP). The draft 2027-2030 TIP and its development process will meet applicable federal requirements once the public input process is complete. The public comment period is scheduled to run from May 23 to July 6, 2026.

The 2027-2030 TIP approval schedule is as follows:

- May 20, 2026 – TAB releases draft TIP for public review
- June 16, 2026 – Virtual public meeting
- July 6, 2026 – Public review/comment period ends
- August 19, 2026 – TAB considers public comments, recommends potential changes in response to the comments and recommends approval of the final TIP to the Metropolitan Council
- August 24, 2026 – Transportation Committee recommends approval of the TIP to the Metropolitan Council
- September 9, 2026 – Metropolitan Council approves the TIP
- September/October 2026 – MnDOT inclusion of metro area TIP into State Transportation Improvement Program (STIP)
- November 2025 – USDOT approves Minnesota STIP

The draft 2027-2030 TIP includes projects valued at approximately \$6.4 billion for highway, freight transit, bicycle, and pedestrian projects. Roughly 17% of federal funding is from the Regional Solicitation (including HSIP Solicitation). The sources of funds over the four years are summarized as follows:

- Total: \$6.4 Billion
 - Federal Highway – \$1.8 Billion
 - Federal Transit – \$1.12 Billion
 - Property Tax and State Taxes – \$2.1 Billion
 - Trunk Highway – \$937 Million

Relationship to regional policy

Federal law requires that all transportation projects that will be partially or fully funded with federal funds must be in an approved Transportation Improvement Program and meet the following tests: fiscal constraint; consistency with the adopted regional transportation plan; and opportunity for public input. It is the Metropolitan Council’s responsibility to adopt and amend the TIP according to these requirements.
