2026 Highway Safety Improvement Solicitation Release for Public Comment

To: TAC Funding & Programming Committee

Prepared by: Steve Peterson, Senior Manager, 651-602-1819
Joe Barbeau, Planning Analyst, 651-602-1705

Requested action

Approve the draft 2026 Highway Safety Improvement Program (HSIP) application for release for public comment.

Recommended motion

Recommend that the Technical Advisory Committee (TAC) recommend approval of the draft 2026 Highway Safety Improvement Program (HSIP) applications for release for public comment.

Background and purpose

MnDOT requests that TAB release the draft 2026 Highway Safety Improvement Program (HSIP) application for review and public comment. The HSIP application will be released for a public comment period. After the public comment period, a revised draft package will be prepared for approval starting at the February TAC Funding & Programming meeting.

The HSIP Solicitation was not developed as part of the Regional Solicitation Evaluation. With input from partners, MnDOT develops and manages the HSIP Solicitation.

For the 2026 HSIP cycle there will be three applications:

- Proactive Safety
- Reactive Safety
- Rumble Strip Special Program

Relationship to regional policy

MnDOT develops, and TAB releases, a Highway Safety Improvement Program (HSIP) solicitation for federal funding.
