

2023 Municipal Inflow and Infiltration Grant Program

November 2nd Information Session

Questions and Answers

1. Will access projects to mitigate I/I be eligible? For example, manholes in wetlands.

If the roadway is necessary to complete the mitigation efforts, then we will allow those costs. Traffic control would also be eligible if needed to complete the work.

2. Will the slides be emailed to participants?

If you registered, we can email you a link to the presentation. We will also add it to our website. And as we solicit for applications, we will include links to this presentation and other important documents.

3. Do prevailing wage requirements apply to this grant?

Yes. Please refer to the end grant agreement on MMB's website for specific language/requirements: [grant-agreements-go-bonds / Minnesota Management and Budget \(MMB\) \(mn.gov\)](#)
